

Sauna heater box with Far Infrared Ray(FIR)

For slimming, beautifying, skin care & better health

Functions

1. For Super conductive dry heat + Far Infrared Ray (FIR) to penetrate the dermis 4 - 5cm deeper to help dissolving excessive fat.
2. Stimulates sweating to easily remove hypodermic toxic substances.
3. By dry heat + FIR to promote blood circulation, enhance metabolism, and to better the absorption of calcium.
4. Helps to relieve cold, sore muscles, headache, fatigue, and diabetes.
5. Excellent for fitness, relaxation, healthier skin and better health.
6. For Super dry sauna heat + FIR to be more comfortable than steam bath sauna in steamy conditions (See our chart for comparison).

It takes only 1 minute to unfold or to put it away.
